Sustainability is integral to our corporate strategy, and we are committed to making meaningful contributions as both a company and a team. Our sustainability initiatives at Hotel Oderberger have been recognized with the Green Sign sustainability seal.

All detailed and further information on our sustainable events can be found in our Green Meetings document.

CATERING

According to the principles of organic, regional, seasonal and fair. Fresh products from the region protect the environment thanks to short transport routes and support the regional economy.

SOCIAL RESPONSIBILITY

The range of measures spans from noise and youth protection to equal rights and barrier-free access.

PROCUREMENT

When procuring products and services, we ensure that production and delivery are as environmentally friendly and socially responsible as possible.

COMMUNICATION

Information on sustainability measures not only raises awareness of the issue of sustainability, but also encourages imitation.

WASTE MANAGEMENT

Thanks to a well thought-out procurement and waste concept, we prevent waste from being produced in the first place. All unavoidable waste is recycled through separate disposal.

ENERGY

Factors such as building insulation, the use of green electricity, lighting, sound, media and stage technology, heating and air conditioning systems offer numerous starting points for increasing energy efficiency and saving energy.

WATER & CLEANING

Responsible use of water resources before, during and after the event.

MOBILITY

Events bring people together - but travelling to and from them and transporting goods also generates emissions. Our location is in the heart of Berlin and is very easy to reach by public transport.

LOADING AND UNLOADING FOR EVENTS

Loading and unloading for your event is always possible within the statutory times after prior consultation. As not all areas and buildings can be accessed directly by car, we are happy to provide you with flatbed lorries.

LANGUAGE COURSES FOR YOUR EMPLOYEES

We are also happy to organise foreign language courses for you - whether in-house at your company premises or on the GLS Campus. You can find information about our language courses at:

gls-sprachschule.de

STORAGE CAPACITIES

If you would like to send us materials for your event in advance, please do so promptly before your event, as we only have very limited storage capacity. Please inform us and send your parcel to the location labelled accordingly:

We are happy to recommend other hotels in our neighbourhood on request.

CAR PARKS IN THE AREA

We recommend the multistorey [car park at Kulturbrauerei](#) in Sredzkistraße, as there are very limited parking spaces available on our premises.

CAR PARK ON THE PREMISES

25.00 € per day subject to availability and prior registration including vehicle licence plate number.

Campus: Access via Choriner Straße opposite number 36, keep left on the premises.

Hotel Oderberger: Access to the left of the building, please ring the bell at the barrier and register, you will then be allocated a parking space.

Vehicles of all participants and other guests who do not have a car park registration number will be towed away for a fee.

We urgently request that you inform your participants of this. Thank you for your understanding.
